Atp-empt Rule Book Pdf 12 2021.com - I hope it is the best version at this time. I will update atp-empt Rule Book Pdf 12 2021.com frequently.Q: Oracle SQL - Selecting records by date and adding the difference to the next record I have a table of data that contains records that have a type and a start and end date. There can be many records within one type with different start and end dates. I need to select all the records that have a type (equipment) and select the start and end date and add a time difference to the next record within that type with the same start and end dates. I need the result to be one record of all the records with the same start and end date (type). eg: ----- | id | type | start | end  
|-----| 1 | A | 2015-01-01 | 2015-01-01 00:00:00.000 | 2 | A | 2015-01-02 |
